- Students must undergo a mandatory remote motivational interview with the International Relations Committee (at DEMB).

The selection process (II)

Selection will be on the basis of:

- Language proficiency;
- Year course and taken exams;
- Average scores;
- Aptitude and motivation shown during motivational interview;
- Ability to link the period of study abroad and the academic syllabus or Master's thesis so to make the stay profitable
- Exams validated by the referee of the Master's degree program or check of the host institution validatable exams (at least 70/80% content compatibility)

MASTER COURSE STUDENTS

Selection process

- At the end of the selection process a ranking list will be published
- According to the above mentioned list, each student will be selected on the basis of:
 - the academic offer at the host institution (highest number of validatable exams)
 - the most preferred host institution

Selection process

- The motivational interview results will be published on DOLLY PLATFORM (dolly.economia.unimore.it>programma Erasmus)
- Selected students must mandatorily provide feedback on the assigned host institution within 3 days, so that the international relations board can make up a definitive ranking list – (after possible candidates' withdrawals and subsequent repechage). The resulting ranking list will be sent to the Mobility Office.
- Students who withdraw won't be given a second chance.
- Selected students must give formal acceptance to the Student Mobility Office once the final ranking has been published on the University website <http://www.unimore.it/bandi/StuLau-internaz.html> in compliance with what stated in the Call.

Exams to take
